Steps to select your electives

Below is a list of all pre-approved electives. These subjects have been selected and approved by each faculty and, in most cases, are suitable for any EMPA student to select. If you wish to select a subject from this list, you do not need to seek Subject Coordinator approval.

To search for other University of Melbourne subject options, not included in the list of pre-approved electives, see the online handbook at: <https://handbook.unimelb.edu.au> If the subject you wish to take is not on the below list, you must seek Subject Coordinator approval prior to submitting your Subject Change form.
