

## ANZSOG Executive Master of Public Administration 2017 University of Melbourne elective subjects

### Steps to select your electives

#### 1. Search for subjects:

Below is a list of all pre-approved electives. These subjects have been selected and approved by each faculty and, in most cases, are suitable for any EMPA student to select. If you wish to select a subject from this list, you do not need to seek Subject Coordinator approval.

To search for other University of Melbourne subject options, not included in the list of pre-approved electives, see the online handbook at: <https://handbook.unimelb.edu.au> If the subject you wish to take is not on the below list, you must seek Subject Coordinator approval prior to submitting your Subject Change form. You can find contact details for the Subject Coordinator on the right-hand side of a subject entry.
